

We would like to thank you for all your support during the Covid-19 pandemic. We have detailed plans to continue our curriculum and support recovery plans.

Harvington CE First & Nursery School Development Plan

Together We Love, Learn and Grow

Key Priorities for 2021/22

We would like to thank all parents and carers for their continued support. We are proud of our achievements here at Harvington CE First & Nursery School

You can help us:

This year, we are determined to:

Address any gaps in learning following the enforced closures and to focus on the welfare and well-being of everyone in our school. We will revisit everything that makes our school special and become an even stronger school.

Use the class webpages and support your child to be able to achieve the specific expectations for each subject. Please ask your child's class teacher if you need any help.

Use the information on the school website and the class pages so you know what themes are being taught and so you can help with some home learning and research too.

Ensure everyone who visits our school understands the strong Christian ethos and distinctiveness.

To build on an ambitious and exciting reading culture ensuring our children receive the very best in provision.

Help your child with their homework and enjoying daily reading together and have fun with new vocabulary too.

Discuss how you can follow the school vision and values at home and use the information shared on the newsletter.

To build on excellent writing skills across the whole school curriculum by ensuring a structured, consistent approach to both writing and handwriting.

Ensure our children develop leadership, organisation and independent skills to flourish in the future. To help them understand and appreciate the world we live in.

Ensure your child attends school everyday, unless they are poorly. Please don't book holidays during term time.

Help your child become independent and good organisers and help them to look after our world whenever you can.
