

We would like to thank you for all your support during the Covid-19 pandemic. We are in a good position to move forwards with our curriculum and support recovery plans.

# Harvington CE First & Nursery School Development Plan

Together We Love, Learn and Grow

Key Priorities for 2020/21

We would like to thank all parents and carers for their continued support. We are proud of our achievements here at Harvington CE First & Nursery School

This year, we are determined to:

Address any gaps in learning following the enforced closures and to focus on the welfare and well-being of everyone in our school. We will revisit everything that makes our school special and become an even stronger school.

Ensure everyone who visits our school understands its strong Christian ethos and distinctiveness.

Ensure our children are prepared for responsibilities of life, to build resilience and promote school values through our PSHE curriculum.

Ensure our school curriculum builds on prior knowledge and further develops the children's knowledge, skills and experiences.

Ensure our understanding of the world and how we can help preserve it for future generations.

Use the class webpages and support your child to be able to achieve the specific expectations for each subject. Please ask your child's class teacher if you need any help.

Help your child with their homework and enjoying daily reading together and have fun with new vocabulary too.

Ensure your child attends school everyday, unless they are poorly. Please don't book holidays during term time.

You can help us:

Use the information on the school website and the class pages so you know what themes are being taught and so you can help with some home learning and research too.

Discuss how you can follow the school vision and values at home and use the information shared on the newsletter.

Help us to look after our world by following the school example wherever you can.
